Students Out For Holidays

School's out!

Students left the classrooms of the Canyon Independent School District Friday afternoon for a summer vacation period.

Teachers, however, returned to classes on Monday for a work day to complete the session and mail final reports to parents from the fourth through twelfth grade levels. Student reports were presented to first through third grade students Friday.

A halt to the summer vacation will come August 28, which is the first day of the 1967-68 school term.

Moisture Brightens Area Crop Prospect

BY WAYNE BOARD

Light to moderate amounts of much-needed moisture fell in Canyon and Randall County over the last three days.

Reports ranged from more than an inch in the Jowell Community and Umbarger to only a trace east of the city.

Canyon received .71 inches, according to Dr. M. B. Measamer, head of the West Texas State University geography department who compiles weather information here.

Pete Leavitt, in the Jowell Community, reported .40 Sunday, .65 Monday and about .10 inches Tuesday; Buffalo Lake received about .66 of an inch; Umbarger had 1.15 inches; and Maria Fortin, northwest of Canyon received about 1.50 inches.

At mid-week there was promise of more rainfall.

On the basis of rains received for the period, some Randall County farmers will be able to plant grain sorghums if no additional plowing of the land is necessary, said Agent John Brazzil.

Ordinarily, he noted, an inch of moisture will wet the soil five inches down, which is generally sufficient to prepare a seed bed. Any additional plowing would, however, dry the soil.

"Many farmers will have to plow one more time and they are also faced with the very critical problem of deciding if the soil is moist enough for planting," Brazzil said.

The agent termed soil below the surface as "very dry" and added that in some cases additional moisture would probably be needed in order to sprout the seeds.

Brazzil said the planting of dryland grain sorghum and forage crops would probably be completed within the month of

Swim Class Set At Pool

Red Cross swimming lessons will begin Monday at the Canyon City Pool according to Wayne Phemister, park and recreation superintendent.

The first lesson series will be held June 5-9 and 12-16 at the pool. Daily lessons will include a 10 o'clock and 11 o'clock class. Each class will be one hour.

Cost of the lesson series will be $10.

Six series of two week lessons will be held during the summer. Certificates will be awarded on test grades, according to Phemister.

Classes are designed for beginners, intermediates and advanced. A class in diving will be offered if enough interest is shown, according to Phemister.

Swimming instructors will be Cynthia Gerald, Becky Price and John Brandon.

City Observes Memorial Day

Post Commander Tommy Hunter, Veterans of Foreign Wars, Tuesday explained the meaning of the VFW poppy to a group attending Memorial Day ceremonies at the post home here.

Hunter pointed out that one cent out of proceeds from every poppy sold goes toward maintenance of the VFW orphanage at Eden Rapids, Mich.

A part of the proceeds go to disabled veterans. The poppies are made in veterans hospitals by disabled veterans. Some of the poppy money goes to the local post.

Four Gold Star mothers were honored at the VFW breakfast. These included Mrs. Maria Hernandez, Mrs. Beulah McCoy, Mrs. Gladys Blair and Mrs. Jennie Hunter. Other Gold Star mothers living in Canyon did not attend.

About 65 persons attended the VFW breakfast.

Herman Alexander, minister of Central Church of Christ, spoke at Memorial Day services at Dreamland Cemetery.

A salute was fired by a firing squad made up of members of Company C, 142nd Infantry Regiment, 36th Division. In charge was Sergeant Mike Miller. Taps was played by Gene O'Rear.

Tourists Visit Lake And Park

Tourists by the thousands flocked to recreation areas here for Memorial Day.

A total of 8,986 people visited Buffalo Lake for a day of boating and fishing Tuesday and some 4,662 were counted Monday.

Last year about 20,000 visited the Lake for a three-day Memorial holiday period.

Some 407 cars were counted in Palo Duro Canyon State Park Tuesday with five people estimated in each car. There were also 22 campers in the area Tuesday night.

A total of 378 signed the register at the Panhandle Plains Historical Museum Tuesday and 65 residents attended a Veterans of Foreign Wars-sponsored breakfast.

Dream, Bible Had Role In Founding Of Canyon

BY WAYNE BOARD

Canyon City was founded with the seeds of a dream and an open Bible.

Mrs. Mamie Conner Bradford, who was here for dedicatory ceremonies Sunday of an historical marker at the site of her birthplace, recalls her father and mother, the late L. G. Conners, did not seem interested in their own personal gains, but rather saw Canyon City as something for future generations.

The family dugout, at what is now 1511 9th Ave., served as a meeting place for area residents, shelter for the weary traveler and, more importantly, as a home. With her birth, Mrs. Bradford became the county's first white child.

"He saw," Mrs. Bradford recalls, referring to her father, "a place for a school, church and courthouse. These were the foundations as he saw it for future generations."

Conner donated land for the three "foundations" of Canyon City and, as Mrs. Bradford remembers, "planted the seeds which others have watered well."

Although Conner was interested in the growth of Canyon and helped organize fish fries, reunions and other social functions, he cared nothing for publicity and never ran for public office.

"He was Canyon's first postmaster," Mrs. Bradford recalls, "but that was because we had the first home. His friends would laughingly say he got the job because his first name was Lincoln, although everybody called him 'Link'."

Conner was also instrumental in obtaining a railroad for Canyon.

"The engineer would blow his whistle outside of town at 4:30 each morning," Mrs. Bradford says, "and Dad never failed to get up and watch the train go by."

For his services to the railroad, Conner was given a pass entitling him to free transportation on the train for a year.

"He used it only once," Mrs. Bradford said. "He was always too busy to travel very

Referendum Is Defeated By Farmers

Cotton farmers in Randall County turned thumbs down on a closely contested proposal that would allow the transfer of allotments outside the county.

In a vote taken last week, a two-thirds majority of the 154 casting ballots did not favor the move. The vote was 79 for and 75 against.

The only question proposed was whether upland cotton allotments could be transferred during the next two years to farms which are owned or controlled by someone else and located in other counties.

The cotton farmers also defeated the referendum last year. At that time the vote was 79 for and 74 against, only one ballot short of those cast this year.

Cotton farmers may, however, continue to purchase the allotments from a county which has approved the transfer and may also transfer allotments within the county.

Two Daughters Are Graduates

Two daughters of Dr. and Mrs. Robert Jarrett were awarded degrees from Trinity University in San Antonio last Monday evening.

Ann Jarrett Rheinlander received her master's degree in math and Jane Jarrett received the bachelor's degree.

The Jarretts were present for the commencement program.

Historical Markers Are Dedicated Here

Three historical markers were dedicated in Canyon Sunday with about 70 persons attending the ceremonies.

The markers were placed at the site of the old wagon yard, at the site of the L. G. Conner dugout and at the old L. T. Lester home by the Randall County Historical Survey Committee.

Mrs. Terry Martin is chairman of the committee.

The Conner dugout site is at 1511 Ninth Avenue and the old wagon yard site is at 1702 Fifth Avenue, present address of LaGrone Funeral Home. The old Lester home is at 310 Eighth Street.

Presiding at the dedication of the wagon yard marker was Wes Izzard, editor of The Ama-

Mosquito War Begins Here

The City of Canyon has begun its annual war on mosquitoes.

City employees have been treating standing water with diesel oil in an attempt to stop the hatching of mosquitoes and residents have been requested to do likewise on their property.

The mosquito fogger, that sprays the city at night, will be put into operation at least once each week and more often should the insects become too numerous, said City Manager Gary Gwyn.

Anyone noting an unusual amount of the insects is asked to call the City Hall and that section of town will be treated, Gwyn said.

Local Cattle Are Certified

Randall County has been released from a cattle scabies quarantine by the Texas Animal Health Commission and the Animal Health division of the United States Department of Agriculture.

The county was placed under the quarantine by the two health agencies in April 1966 when a case or two of the scabies were

Paint Job Continues

Curb painting jobs are being sought by the Canyon Jaycee-Ettes in an effort to raise funds for various community projects.

The women's civic club is painting house numbers on driveway curbs at $1.75 for green luminous numbers on a white background. Two sets of numbers with backgrounds may be contracted for $3, according to Mrs. Charles Marshall, chairman.

The club is presently canvasing the city, however, those desiring to order the numbers should contact Mrs. Marshall, OL5-3383.

Girl Softball Tryouts Slated

A second session for girl's softball league tryouts is slated for 5 p.m. Friday at the field behind Rex Reeves Elementary School. The summer program for girls 12-14 years old is sponsored by the Canyon Kiwanis Club.

A total of 28 girls were registered to play on the league's four teams at tryouts last week, according to Dr. Burwell Southern, league president.

Dr. Southern said 50 girls were needed to fill the four teams.

All the girls, he emphasized will be able to play and the tryouts are to organize the teams.

Coaches will be George Blackwell, Ken Olson, Hal Brown and Jim Boyce. Benny Cooper will be chairman for arranging umpires and equipment.

Amarillo Man Store Manager

T. G. & Y. will open a new store in Canyon as a part of the Palo Duro Shopping Center in the 900 block of Twenty-Third Street early in July.

Carroll Rexrode of Amarillo will be manager of the new store.

The opening was announced by C. A. Henderson, president of T. G. & Y. In the announcement he said the first T. G. & Y. store was opened in 1935 and that now there are 534 stores in 13 states with plans to open 65 more stores this year.

The store here will occupy 7,200 square feet in the new center. "It will be stocked with the most complete assortment of variety merchandise to be found anywhere," Henderson said in the announcement.

The store will be under jurisdiction of D. S. Kelly, Amarillo, who is the division vice president for the West Texas and New Mexico area. Carl L. Adkins, also of Amarillo, supervisor for the Amarillo area, will be responsible for the store's supervision.

Rexrode is being promoted to

ASCS Sells Golden Eagle Passports

Federal Golden Eagle Passports are being sold here through the Agricultural Stabilization and Conservation Service office, according to Donald Lloyd, office manager.

The wallet-size plastic identification card, which costs $7, will admit the holder and all passengers in a private noncommercial vehicle to more than 2,500 Federal recreation areas charging fees for admittance by automobile.

The permit is not needed at Buffalo Lake as no admittance fee by automobiles is being charged this year.

The passports are valid through March 31, 1968 and there is no limit to the number of times it may be used.

A&M Meet For 4-Hers

A Randall County senior dairy judging team will compete in State 4-H Club Roundup and Judging contests at Texas A&M Tuesday and Wednesday.

Team members will include Mike and Eddie Hinders, Jerry Crain and Roger Gist.

The team will represent the Texas Panhandle in contests which are expected to draw 800 entrants who will participate in 30 contests.

Randall County Agent John Brazzil will accompany the team.

Registration Is Scheduled

Dates for first-term summer session registration at West Texas State University is scheduled Monday and Tuesday, according to WTSU Registrar Frank H. Morgan. Classes will begin Wednesday.

Beginning freshmen will attend an orientation session at 8 a.m. Monday and will register at 8 a.m. Tuesday.

First summer term will close July 13, and dates of the second term are July 17 to Aug. 25.

Bowler Awards Set Saturday

Annual awards banquet for bowlers of the Canyon Bowl will be held Saturday night at 8 o'clock in the American Legion Hall.

Awards will go to top leagues and high individuals for the bowling season, according to Hal Brown, manager.

Tickets are available at $1.50 and reservations should be made by calling OL5-4561 or contacting Brown.

The event is open to the public.

Fish Rodeo Is Set Saturday

An annual "fish rodeo" for Canyon youngsters will be held Saturday with plaques being awarded to the top fishermen in the competitive event.

Sponsored by the Canyon Jaycees, the all-day contest will be held at the Tony Burrus place on Palo Duro Creek, two miles north of the West Texas State University maintenance building. Signs will lead the way to the site.

Fishing will begin at 10 a.m. in the three age divisions including 3-6, 7-10 and 11-14.

Awards will be given in each age division for the largest fish and the largest string of fish. The awards will be presented at 4 o'clock by Jackie Whitley, chairman.

Bait for the fishing will be furnished by the Jaycees, but youngsters should plan to bring their own poles, lines and hooks. Parents are urged to remain for the rodeo and assist with their children, even though Jaycee and Jaycee-Ette members will be present to supervise the activity.

A concession stand will be operated during the day by the Jaycee-Ettes.

Young fishermen, boys and girls, who need transportation or additional information should contact the chairman, OL5-3915 or OL5-8897, before Saturday.

COVERING FUMBLES

by Texas Mitch Jones

Satan's Hell is beyond our finite understanding; but the innumerable hells that men and women create for themselves here on this planet have been the subject matter of philosophy and literature through the ages.

GETTING IN PRACTICE for Saturday's Jaycee Fish Rodeo is seven year old Kevin Miller, son of Mr. and Mrs. Earl E. Miller of Canyon. The fish rodeo will begin at 10 a.m. at the Tony Burrus place and all youths 3-14 are invited to join in the fishing contests.

FROM THE CANYON RIM

By Troy Martin

Gerald and Alice Dietz have a baby girl. They already had two boys and were overjoyed to have a little girl in the family.

I think Gerald is going to be like most fathers, just a smidgen partial to the young lady.

One father I knew peeked into the hospital nursery and saw his infant daughter for the first time.

"I already hate the guy she's going to marry," he declared.

I'm glad to see a teen town being organized. I worked with the late Mrs. A. A. Meredith on a teen town in Borger back in the late 1940s. It was highly successful.

Roy Lee Dunn, who later played football for West Texas State, frequented Borger's teen town.

Teen town would give the kids a place to meet and have fun during the summer months. If the youngsters have time for it, I'd like to see it continued next fall.

However, I doubt that teenagers would have the time when school starts again.

There definitely is no lack of places to go and things to do during the school term.

I noticed that Quannah used to have a payup week. The editor of The Quannah Chief in 1917 had this to say.

"Payup week is not quite over, and those who want to do the decent thing still have time to square themselves with their conscience as well as their creditors."

When I was in the service at San Antonio, more years ago than I like to remember, soldiers were looked down upon as a bunch of rowdy beggars.

Not all soldiers, as a matter of fact not many, were rowdies. Most of them had had good raisin' and were fairly well behaved. But because soldiers in uniform all appeared alike to the civilian looking at them, they were lumped together. A few GIs got drunk and broke a few windows and brought down the wrath of civilians upon the uniform.

It's a lot like that today with the Negro people. We tend not to think of the black GI Joes who are fighting for us in Vietnam but to judge the entire black race because of what a few Stokley Carmichaels, Martin Luther Kings and some others are doing.

One flag-burning, demonstrating Negro can erase in the minds of the public the credit earned by thousands of loyal, law-abiding black men.

Stupid Stokley Carmichael's advocacy of black power, Martin Luther King's anti-Vietnam rabble rousing, and Roy Wilkin's defense of Adam Clayton Powell has hurt the Negro image badly. Just how much is still to be seen.

I'm growing a garden this year. I planted four rows of beans and I also have some onions and asparagus.

The insects were waiting there with their appetites for my vegetables to get to the top of the ground.

I can already see that it's going to be a battle to the finish to beat them to one bean. If any of you gardeners have any advice, I'd like to hear from you.

Gardening can be very gratifying if it is taken in small doses. It's a good thing ground has to be spaded before it is planted.

I went out to start my garden armed with watermelon, pumpkin and cantaloupe seed. I made a second trip to the store and picked up some sweet corn seed.

I had visions of waving corn, loaded down with succulent ears and my mouth watered to think of the heavenly odor exuding from a cantaloupe patch.

I was spotted the onions and the asparagus by the previous owner.

By the time I had spaded up one row for beans I had decided against planting corn. Corn stalks would clutter up the yard anyway.

On row number two I gave up watermelons. Who wants to stumble over huge watermelons in his back yard? Row number four and the cantaloupes faded into oblivion.

So that's how my garden grows.

I got a letter from Dewey Curb Tuesday. Dewey, son of Mr. and Mrs. J. C. Curb, is stationed in Viet Nam. He writes that Hunsley Hills received a big write-up in Stars and Stripes, armed forces newspaper, recently.

The story, under a three column headline, is about buried treasure on Arch Hunsley's property south of Canyon.

The story was complete with a map of Texas showing Canyon's location. Only three cities were marked on the Texas map. These were Canyon, Dallas and Houston.

The local riders will participate in playday activities at the Range Riders arena in Amarillo Sunday.

Letter To The Editor

May 26, 1967

Dear Editor:

The letter from Mr. Smith has intrigued me. He probably has not seen a schoolboy in many years or he would have realized that the "kids" don't wear caps anymore. He also compares 1948 G.I. salaries, 1955 nurse's pay, and teacher's salaries of the 1980's (we hope!!). Let's be more realistic and use the present figures of 1967 -- OK?

As for our jr. high building, I suggest that Mr. Smith take a tour of the second and third floors of this fire trap. My youngest daughter left that building three years ago, and we heaved a sigh of relief. I have been told by more than one teacher that several times a desk leg has penetrated the termite ridden floors.

I guess we have some pretty good architects west of the highway, but offhand I can't think of a one, can you? A lot of people live east of Highway 87, including Mr. Smith.

Mr. Smith compared the pay scale of a school teacher who has completed four years of college to that of a G. I. in S. E. Asia, and to that of a nurse. Let's keep the education even so this will be a fair comparison. A married man with four years of college enters the U. S. Army OCS program and by the time he leaves for Viet Nam will make 2nd lt., and probably 1st lt. The pay a 2nd lt. receives in Viet Nam is $557 per month, free from all income taxes and quarters furnished. As an officer he will be required to pay for his meals (abt. 47.88 per mo).

As for the "little girls in white working around the clock for $1.50 per hour", I believe you are living in the dark ages. Our oldest daughter graduates in June and will go to work as head nurse on the pediatric floor of Lubbock Methodist Hospital at a mere $6780 per year. She works the 3 to 11 shift five days per week; time and a half for overtime.

Now let's look at the school teacher starting out after the same four year education. He makes the astounding figure of $4014 per year! He reports for work at 8:00 a.m. and works at the school until 3:45 p.m. Many teachers work two to four hours a night grading papers and getting lesson plans ready for the next day so they will not give the wrong answers to some world shaking questions that could never be corrected. The teacher must go back to college for six semester hours of work every four years in order to keep his teaching certificate current. This must be done at his own expense of about $60 if he is lucky enough to live in a college town. Many teachers drive as far as 300 miles (round trip) 36 to 40 times to get this six semester hours. Many teachers do extra work such as taking tickets at a ball game, after hours playground duty, etc.

Mr. Smith implies that the people who have children should pay the school taxes. I guess by this that he probably has no children of his own, but I have no children in the army and I am glad to pay for my future and the future of my country. I'm sorry for Mr. Smith if we "prolific" people have worked a hardship on him, but he must remember, someone paid for his education.

I wonder if Mr. Smith has attended any school program, or has even visited the high school campus in the past twenty-five years? Our young folk at Canyon High are as well dressed as any he would find anywhere. Oh, there may be a few long shaggy males there, but in Mr. Smith's day I'm sure there were a few who wanted to be different too. As far as loyalty goes, the last two years I taught school we had a morning ritual of pledging allegiance to the flag and love of country was taught daily. Heaven forbid if the teacher forgot because the students would remind him immediately.

Mr. Smith reminds me of a man who would dive into a swimming pool without first checking to see if it was filled with water. The type person who would do such a thing would be one of three things: (1) a fool, (2) a misinformed dolt, or (3) awfully hard headed because these are the only type of people who could survive this great an error.

Sincerely,
A non "Cadallic" (sic) owning Cadillac teacher's husband

much."

Conner, who was born in Missouri at Conner's Mill, a settlement which his father helped found, moved to Texas with his family in 1871.

The Conner family had owned land in Missouri that would now be in the downtown section of St. Louis.

The site on which Canyon now stands was surveyed on Christmas Day in 1887 and Mrs. Bradford was born in 1889.

Although the Conner dugout was the first home in Canyon, the T-Anchor ranch headquarters and the W. F. Heller residence are the first recorded homes outside the city limits.

When Mrs. Bradford began her education at age seven, it was at a school here without a name. The first teacher was Miss Emma Turner. A school had earlier been held in Conner's land office, but when Mrs. Bradford began her education, a building for that purpose was used.

J. R. Gaut, editor of the "Canyon City Headlight", heralded the school on Dec. 14, 1894 thusly:

"At Canyon City, a County seat of Randall County, you will find as good a school as there is in the Panhandle. The enterprising citizens here have built a school building that cost about $2,500 and is a credit to any town."

The first school had a grand total of five pupils.

Mrs. Bradford recalls that when she was in grade school, one boy rode his horse into the classroom.

"He was suspended for a few days," she recalls with a touch of nostalgia.

Conner had donated the land for the genesis of what is now West Texas State University, so his daughter Mamie was allowed to enroll as the first student.

"The forty acres dad gave for the college," she relates, "was just a prairie dog town then."

"We also had the first annual," Mrs. Bradford recalls. "Oh, we started out like the school was--the best in the state."

The college, offering all the basic courses, had a total of 20 faculty members.

Mrs. Bradford had previously attended Baylor as a special student where she received a diploma in public speaking.

With her teaching certificate, which was then issued for a lifetime after two years of study, Mrs. Bradford embarked on a teaching career at Canadian in 1912.

From there she went to Arizona in 1913 to teach primary grades because "it paid more money and I wanted to see the West."

She married the late Samuel Bradford in 1916 and the couple moved to Garden Grove, Cal. in 1927 where she still resides.

Returning to Canyon periodically, Mrs. Bradford can note major changes.

"As the college grew," says Mrs. Bradford, "the town changed."

Asked if she felt the seeds her father planted for a foundation have been well maintained, Mrs. Bradford replied: "I know they have--the changes have been tremendous."

Read, Childers Lead Golf Event

Gene Read and Bobby Childers reached the finals in the Canyon City Club golf tournament Sunday by defeating Bill Epps and Porter Vaughn.

Read, current Canyon City Club champion, played his usual steady game and defeated Epps by a 4-2 margin.

Vaughn and Childers played a tight nip-and-tuck game with Childers winning one up on the eighteenth hole.

In the first flight, Daws Schnack defeated John Williams to gain a bid at the finals and Chuck Allen defeated Dave Levens to fill the second slot of the division.

Dean House, Bill Adams and Willie Everett will meet this week in a three way playoff in the second flight. In week end action of the second flight, House defeated Joe Gill, Adams defeated Richard Pruett and Everett received a bye.

In the championship consolation, Loyd Childers defeated Al Craig one up on the nineteenth hole and Bob Henry defeated Frank Self.

In the first flight consolation, Jack Ziegler defeated Kirk Prati and Bill Sternenberg won by a default from Don Holtzclaw.

Inclement weather caused the cancellation of the second flight consolation matches. They will be played this week.

Scouts, Dads Go Fishing On Week End

H. R. Fulton served as general chairman for the trip. Other adults assisting with duties of the camp were Bill Davis, John McBride, Charles Peckenpaugh, A. L. Crossland, Phil Hampton, Kenny Crossland, Jon Low, Gene Morrison, J. D. Byrd, Ralph Mardis, Don Olson, Carl E. Hair, Bob Brotherton, Harold J. Prichard, Tom Lair, J. M. Christening Dress Worn By Grandson

Samuel Edward Harrell was christened Sunday at First Presbyterian Church wearing the long dress worn by his grandfather, Newton Harrell, when he was christened.

The dress had also been worn by Samuel Edward's older brother, Newton II, at his christening.

Officiating at the christening ceremony was Captain Gary D. Barker, Presbyterian chaplain at Amarillo Air Force Base.

Singing for the occasion was a cousin, Virginia Ransom of Claude. Flowers for the altar were in memory of Mrs. Newton Harrell's mother, Mrs. Mary E. Croson.

Samuel Edward's paternal grandparents, Mr. and Mrs. Newton Harrell, and his great grandmother, Mrs. E. D. Harrell, were on hand for the ceremony.

The maternal grandparents are Mr. and Mrs. Henry Flynn of Port Arthur.

Under regulations of the quarantine, all cattle shipped interstate were inspected by the departments.

Cattle here have been inspected twice since the quarantine was imposed.

The two agencies also have certified cattle here as being "modified - certified" for brucellosis, a blood disease of the animals.

Cattle here were recently inspected by the departments to determine if any animals had the disease. The certification is valid for three years.

He was assistant manager of the company's store at 27th and Osage and the store in Wolflin Village and was co-manager of the firm's store in Southlawn Shopping Center. All three stores are located in Amarillo.

He and Mrs. Rexrode plan to move to Canyon. They have one child, a daughter.

Deadline Friday For Teacher Exam

Application deadline for the next national administration of the National Teacher Examinations is Friday.

West Texas State University has been designated as a test center for the July 1 administration of the examinations, according to Dr. Kenneth Waugh, director of student personnel services.

Registration forms and information concerning the examinations are available from the Student Personnel Office, Room 110, Education Building.

College seniors preparing to teach and teachers applying for positions in school systems which ask applicants to submit their scores on the National Teacher Examinations are eligible to take the tests.

At the one-day session a candidate may take the Common Examinations, which includes tests in professional and general education, and one of thirteen teaching area examinations.

The tests are prepared and administered nationally by the Educational Testing Service, Princeton, N. J.

rillo Daily News.

The wagon yard was built by W. C. Kenyon in the late 1890s, Izzard related. The wagon yard was operated in conjunction with a coal and feed business.

Mrs. Martin is a granddaughter of the late Mr. Kenyon. On hand for the dedication were a grandson, Howard W. Kenyon of Lubbock and several great grandchildren including Bill, John, Carla and Jack Lee Kenyon and Trudy and Mike Martin. Another great grandchild, Terry Martin, Jr., was unable to attend.

Also unable to attend for health reasons was the late Mr. Kenyon's son, John W. Kenyon of Amarillo.

The wagon yard was sold in 1907 and the following year S. A. Shotwell became sole owner. His son, Hugh Shotwell of Pampa, attended the dedication services.

Izzard said the wagon yard went out of business in 1921 with the advent of the Model T.

Sheriff L. S. "Slim" Johnston made the dedicatory talk at the Conner dugout site.

"We are grateful for the pioneers who provided so much for us," said Johnston. The sheriff was introduced by Mrs. E. D. Harrell, herself a pioneer of this area.

Johnston noted that much of the social and business life of the community centered on the Conner dugout. It was built on a survey located Christmas Day 1887 by L. G. Conner. It was the location of Canyon's first post office and was the birthplace of Mrs. Mamie Conner Bradford, the first white child born in Randall County. Election to organize the county was held in the dugout in 1889.

Mrs. Bradford, now of Garden Grove, Cal., was present for the ceremonies.

The home of Canyon's first banker, L. T. Lester, was next to be dedicated. Ples Harper, introduced by Raymond Raillard, officiated.

Lester was a buffalo hunter and cattleman before moving to Canyon. He opened The Stockmen's National Bank here in January of 1900. He served the institution as president. Harper said that at one time Lester was interested in 14 banks in the Panhandle area.

The Lester home was the scene of many religious, social and political meetings, said Harper. He noted that the meeting to form an organization to bring West Texas Normal College to Canyon was held in the Lester home.

The house, located at 310 Eighth Street, is now the home of Mr. and Mrs. John Davis.

R. L. Lester, son of the L. T. Lesters, made a trip from San Antonio especially to be here for the dedication.

A dutch supper was held at the Trail Motor Hotel Restaurant following the dedications.

Mrs. Martin told the group that the state Historical Survey Committee has approved a marker for the "Spirit of the American Doughboy" on the Randall County courthouse lawn and a marker for West Texas State University.

These were private markers until they received approval from the state historical survey committee.

She said the county committee will receive free from the state committee a marker for the Goodnight Trail.

This will bring to 12 the number of historical markers in the county.

Entertainment at the supper was furnished by Mary Starnes and Steve Hilton.

Band Parents Elect Slate

Mr. and Mrs. Roland Johnson were recently elected as co-presidents of the Band Parents Association for Canyon Public Schools for 1967-68.

Other officers elected by the organization were Mr. and Mrs. R. A. Barnard, vice president; Mr. and Mrs. John Green, treasurers; and Mr. and Mrs. Glen Burrell, secretaries.

the campus during the day, then practice in the canyon each evening.

On hand for the rehearsals will be William and Margaret Moore, directors; Royal Brantley, musical director; Neal Hess, choreographer; and L. Pete Gilvin, president of the "TEXAS" - sponsoring Panhandle Heritage Foundation.

The production brought more than 60,000 people from throughout the world here for its season last summer.

The show's author, Paul Green, and Isaac Van Grove, musical composer, are expected here periodically to make production revisions.

Marathon June 5th

A "Junior Marathon" will be sponsored by the Meteor Track Club of Canyon on Monday, June 5. The race will be run from Amarillo to Canyon and will cover a distance of about 10 miles. Each finisher will receive an award.

Athletes will run from city limit to city limit of the two cities. The starting point is in Amarillo at the intersection of Bell Street and the west access road of the Canyon Expressway. The finish line is at the Canyon city limits beside the Hunsley Hills Golf Course.

Starting time has been set for 9 a.m. Monday, June 5. All entrants must report to the starting point at Bell and Expressway by 8:30 a.m. An entry fee of $1.00 will be collected from each competitor before the starting of the race.

All entrants should send name and age to

All entries should be received by Saturday, June 3.

June.

Brazzil estimated that some 40,000 acres of irrigated crops were planted in mid-May and said there will be more dryland than irrigated sorghum this year here.

The county may have a large amount of dryland grain sorghum planted this year, he said, because of the land made available when dryland wheat was abandoned or killed by a late freeze.

He had earlier estimated that as much as one half the dryland wheat had been abandoned because of a late freeze, greenbugs and little moisture. Canyon received about two inches during April.

There was about 155,000 acres in wheat in the county. Some 30,000 acres was on irrigated land.

Brazzil said acreage in both irrigated and dryland grain sorghum could run as many as 100,000 acres this year in the county.

Any wheat now left in Randall county will probably be harvested within the next 10 days, he added.

"I would make no estimate on the number of acres still left in wheat," he said, "but is will be very short."

The freeze, which came later than was expected, killed many of the tender plants.

THE MATHEMATICS PROGRAM

(Editor's Note: This article is one of a series on Canyon Schools. It is written by a member of the faculty.)

In the past four years many changes have occurred in the Mathematics Program in Canyon Public Schools. It has been our desire with each change and addition to meet more adequately the needs of the students in our community. We will continue to make changes and strive for excellence in every area of our program.

The Elementary Mathematics Program was formerly limited to one branch of mathematics--arithmetic; however, the course is now being broadened to include all branches of mathematics. Our students need a total mathematics background, including insight into number systems, algebraic concepts, geometric understanding, etc. This will give them a strong foundation for high school mathematics as well as for their adult years. In the modern mathematics program great stress is placed upon precise and correct language. The student is led to discover mathematical ideas. We are striving to strengthen our mathematics program by supplementing our text books with additional drill in the fundamentals of addition, substraction, multiplication, and division. Most of the math classes are spending from 8 to 10 minutes daily on drill in these fundamentals. Through the N. D. E. A. Program, we have been able to purchase hundreds of dollars worth of aids that help us in drilling, as well as in teaching, the new concepts more thoroughly.

At present on the junior high level, we are seeking to finalize arithmetic concepts and skills; to introduce algebraic principles and lay a foundation for those who will continue the study of mathematics. In addition, we strive to present practical applications of mathematics for those students who intend to pursue their study beyond the high school level. The seventh and eighth grade mathematics courses continue to develop and refine concepts introduced in elementary school. Stress is given to the four fundamental operations, especially as they relate to common and decimal fractions, per cent, and measurement. At the ninth grade level, a student may elect to study Algebra I or Related Mathematics I. The Related Mathematics course is directed primarily toward the student who does not plan to continue the study of mathematics or for the student who needs to strengthen his background before entering Algebra I.

The high school offers Related Mathematics I and II, Algebra I and II, Geometry, Trigonometry and Analysis. We try to provide for each student the opportunity to develop mathematical concepts as well as to apply them to given situations. The Related Mathematics Program, as indicated above, is primarily for the terminal student. Through the process of selecting teaching materials and learning activities it is hoped that the vocational needs of the student will be met. Algebra, Geometry, Trigonometry and Analysis are offered to the college bound student. A high level of purposeful quantative thinking -- not always coincidental with skillful manipulation of symbols -- is the end product which is sought for each pupil.

No matter at what level the child is, the attitude of the parent can affect his view point toward the material being studied. A parent who is openly critical of our mathematics program can do irrepairable damage to his child's approach to mathematics. Therefore, we suggest that a parent take a possitive attitude toward his child's work; show faith in the school's program, encourage his child, learn with him, and take an interest. The line of communication must be kept open between the parent and the child, and between the parent and the teacher.

Mr. and Mrs. Carl Miller and daughter, Carolyn, spent Memorial Day visiting with relatives including Mr. and Mrs. Jack Brown at Dumas, Mr. and Mrs. Cecil Miller and Mrs. and Mrs. Lowell Miller at Sunray.

MRS. JIMMY W. NEWTON

Marriage Unites Allred-Newton

Double ring marriage vows for Miss Donita Ray Allred and Jimmy W. Newton were read Sunday at the Palo Duro Baptist Church of Wildorado with Rev. V. L. 'Buster' Huggins officiating.

The bride is the daughter of Mr. and Mrs. Glenn B. Allred of Wildorado. Parents of the bridegroom are Mr. and Mrs. J. C. Newton of Canyon.

An archway of artificial yellow roses and greenery decorated the altar area which was accented with a candelabra bearing white tapers. The archway was flanked on each side by arrangements of artificial yellow roses and greenery and two hedges of greenery on each side of the platform.

Mrs. Nita Renner of Canyon, sister of the bridegroom, played traditional wedding music and accompanied Miss Mary Ethel Wilson of Hale Center who sang "The Voice That Breathed O'er Eden" and "Whither Thou Goest". The bridegroom sang "More" as the bride entered the church.

Given in marriage by her father, the bride wore a white dress of bridal satin which she designed. The neckline and fitted bodice were decorated with seed pearls, irridescent sequins and lace. The long sleeves terminated in bridal points above the hand. A large lace bow accented the back waistline where the chapel train of pleated bridal satin was held. Her crown of pearls held elbow length bridal illusion which was bordered in lace. She carried a bouquet of yellow rosebuds and wore her great-grandmother's gold wedding ring.

Peggy Jean Allred of Wildorado served as her sister's maid of honor. Bridesmaids were Mary Ethel Wilson of Hale Center and Carolyn Garner of Panhandle. The flower girl was Sheri D'Lee Perkins of Wildorado and ringbearer was the bride's cousin, Nikki Lynn Howell of Amarillo.

The bridal attendants were dressed in identical floor length dresses of yellow brocade satin with cummerbunds and full length trains. Each wore a headpiece of yellow bridal satin. The bridesmaids and maid of honor carried nosegays of yellow roses and other bridal attendants had wristlets of yellow roses.

Wedding guests were registered by Alyce McClain of Wildorado and the bride's cousins, Leslie Howell and David Riggs of Amarillo, served as candlelighters.

Eddie Poole of Canyon served as best man. Groomsmen were Bill Jarnigan and Sam Brillhart, both of Canyon. Ushers for the occasion were Roddy Glenn Allred of Wildorado, brother of the bride; Jerry Renner of Canyon, brother-in-law of the bridegroom; Smokey Stover and Stanley Prichard of Canyon and Ted Burgoon of Abilene.

Honored guests at the wedding were the bride's grandmother, Mrs. Gracie Allred of Wildorado, and two of the bride's great grandmothers, Mrs. Nannie Grisham of Amarillo and Mrs. Kate Allred of Wildorado.

The reception was held in the bride's home with her cousins, Vana Jo and Karen Sue Riggs of Amarillo, presiding at the refreshment table. The three tiered white wedding cake was accented with yellow rosebuds and a golden punch was served. Yellow roses and white tapers accented the table.

A graduate of Hereford High School, the bride is a senior student at West Texas State University majoring in Spanish and biology. She is a member of the Baptist Student Union, Tau Beta Sigma honorary band sorority and the Buffalo Band.

The bridegroom graduated from Canyon High School. He is a junior at WTSU, where he is a member of the Baptist Student Union. He is employed by the Canyon Public Schools and serves as music and youth director at the Friendship Baptist Church of Amarillo.

For a wedding trip to Mexico, the bride travelled in a two-piece aqua embroidered suit with yellow accessories and a corsage of yellow roses lifted from the bridal bouquet. The couple will make their home in Canyon.

MRS. NOLAN EDWARD BROWN

Ceremony Unites Fisher-Brown

Miss Janie Beatrice Fisher became the bride of Nolan Edward Brown in nuptial ceremonies Saturday evening at Faith Chapel in Canyon.

Miss Fisher is the daughter of Mr. and Mrs. Oren Lemuel Fisher of Canyon and parents of the bridegroom are Mr. and Mrs. Noble Brown of Follett.

Double ring rites were read by Rev. Marcus Adair, pastor of the chapel. Mrs. Royce Grant of Canyon accompanied Royce Grant, soloist, who sang "Always", "More" and "Wedding Prayer."

The chapel was decorated with a large urn of white gladioli on a white pedestal in the center with seven-bract candelabra on each side decorated with greenery and white bows. The altar was accented with the kneeling bench and framing the kneeling bench were three single candelabras. The side candles were lit during the ceremony and as the couple was pronounced man and wife they lit the center candles symbolizing the union of marriage.

The bride's sister, Ann Fisher of Lubbock, served as maid of honor and another sister, Kay Fisher, served as bridesmaid. They wore floor length empire styled gowns of rose pink with scooped necklines and elbow length sleeves. Their ensembles were accented with dyed to match shoes and headpieces of rose illusion atop a self-fabric circlet. Each wore wrist length white gloves and carried a single long stemmed pale pink rose.

The flower girl was J'non Hamilton of Wichita, Kansas, a niece of the bridegroom. She was dressed identical to the bridal attendants and carried a white basket filled with pink rose petals.

Dale Ditto of Ganado served as best man and Alfred Love of Follett was groomsman. Serving as ushers and candlelighters were Bruce Blackwelder of Hardesty, Oklahoma and Richard Pipkin of Spearman. Ringbearer was Brian Hamilton of Wichita, Kansas, a nephew of the bridegroom.

Given in marriage by her father, the bride wore a formal length gown of empire styled bridal satin with an all-lace chapel train fastened at the shoulders. The gown was designed and made by the bride and was accented with a lace motif centered with seed pearls along the scooped neckline and controlled skirt. The fitted bodice had full length sleeves tapering into bridal points above the hand.

A white satin pillbox hat secured the fingertip veil of silk illusion which was edged with lace motifs. She carried an arrangement of white carnations centered with white roses atop a satin covered Bible. Her only jewelry was a pearl pendant, which was a gift from the bridegroom. Her blue garter was made by her grandmother and she had a penny in her shoe.

Wedding guests were registered by Sandra Brown of Follett, a sister of the bridegroom.

The couple was honored with a reception in the home of Rev. and Mrs. Marcus Adair immediately after the ceremony. The reception table was covered with a white lace cloth over white and centered with the bride's bouquet and pink roses carried by the bridal attendants. Long pink and white tapers flanked the bouquet arrangement. Crystal and silver appointments were used.

Members of the reception houseparty were Mrs. Dean Hamilton of Wichita, Kansas, sister of the bridegroom; Mrs. Don White of Canoga Park, California and Mrs. Kenneth Fisher of Irving, both aunts of the bride.

The couple will make their home at 1903 Tenth Avenue in Canyon.

Approximately 40 elementary teachers from Gene Howe School in south Amarillo and Rex Reeves Elementary School are participating in a two-week visual aids workshop which began Tuesday at Rex Reeves Elementary School.

Daily workshop sessions are being conducted between 8 a.m. and 3:30 p.m. The special workshop will conclude June 8, according to Ocoee Holt, curriculum director.

Among workshop instructors are Oscar Hinger, principal at Rex Reeves, who will demonstrate the use of school machines; Bryce Slack, assistant principal at Rex Reeves, and Luther Lawless, principal at Gene Howe, who will serve as consultants in the field of math and science.

Assisting with workshop instruction will be representatives from the Panhandle Education Services Organization of Amarillo including Mrs. Flora Phillips, social studies; Mrs. Allegra Bush, language and literature; Mrs. Alta Smith, science; Mrs. Johnny Blackwell, tape recording and listening; Mrs. J. D. Strickland, modern instructional materials; Dr. J. D. Strickland and Don Ray, graphic arts. Also participating as a PESO representative will be David Cole of Levelland in graphic arts.

Other lecturers will be Mrs. Eleanor Cohen of Chicago, who is an elementary language consultant for Encyclopedia Brittanica; Mrs. Doris Nored of Lubbock, a specialist for remedial work with elementary students; and Mrs. Marie Miller of Dallas, health consultant for Laidlaw Brothers.

Demonstrations of new machines and the techniques for making transparencies will be presented by Bill Musselman and Henry Bayles of Amarillo, representatives of the 3-M Company. Charlie Beeson of Lubbock, will demonstrate making color lift transparencies.

MR. AND MRS. JOHN L. HAMMOND are shown in their front yard which is an unusual combination of trees, flowers and slabs of cement. The Hammonds find that the "cement yard" is easy to care for and maintains its beauty with regular waxing.

'Cement' Yard Idea Tried By Hammonds Family

A new idea in the treatment of yards has been innovated by Mr. and Mrs. John Hammond of Canyon.

The Hammonds have covered both their front yard and backyard with slabs of colored cement, leaving only enough bare ground between islands to decorate with borders of flowers and shrubs.

The unusual yard is located at 1208 Ninth Avenue and is a novelty for Canyon.

"We moved to town three years ago," says Mrs. Hammond explaining the rapid growth of the yard.

"When we moved into town, I couldn't see any reason for lugging grass clippings to the alley each week and spending so much time weeding and mowing until you really couldn't enjoy it," said Mr. Hammond.

The cement backyard is 36 x 60 and is framed on all sides by a row of Blue Haven Juniper. Located in islands of cement in the backyard are a large weeping willow and a cluster arrangement of three maple trees.

Located on a hillside, the home is elevated from the backyard, and an orchard space at the rear of the lot. From the main yard down to the orchard is a two-foot drop. The orchard, which has a variety of fruit trees including peach, cherry, and apricot, is planted in native Buffalo grass which requires nominal care.

The front yard, which is in public view, features islands of red and green cement. Spaced between the cement portions are several Colorado Blue and Silver Spruce, rosebushes, jonquils and tulips.

The islands of cement form a natural retaining wall for watering the various plants.

To preserve and keep the cement colors bright, the Hammonds use a special type of wax.

The Hammonds use fertilizer liberally each spring and fall to maintain their yard. They apply the fertilizer by digging holes near the shrubs and filling the holes with selected fertilizers. This method gets the fertilizer directly to the roots of the plants, according to Hammond.

Moisture in the flower beds is preserved with grass clippings, which also help smother out the growth of unsightly weeds. The Hammonds also spray their trees and shrubs for red spiders and bag worms which sap the strength.

In addition to his own yard, Hammond is also the gardener for the Amarillo Baptist Assembly Grounds, northwest of Canyon. Hammond commented that the grounds are prepared similar to those at his home with terraced walks and flower beds, featuring a lot of cement.

Prior to moving to Canyon, the Hammonds lived on a farm about 30 miles southwest of the city. They have two daughters, Mrs. Billy Bible and Mrs. Bernard Warren.

Special pride in the Hammond yard is the thornless rose hedge which is planted with "Summer Snow".
